- CMMI Level 5 Appraised - Among the Top 5% CMMI Appraised US companies
- ISO 9001 Certified – Quality Management
- D&B #: 126718340
- NAICS Codes: 541511-13
- Prime Contractor: **15+ year success record**

In an industry where nearly 70% of software development projects fail, NARTech has a record of delivering **on-time and on-budget with 100% customer satisfaction ratings over the last 15-year period on all our prime Government IT services contracts**. This project success record requires unique expertise to achieve and sustain. Key to this unprecedented success record is NARTech's highly practical implementation of the CMMI Institute's Capability Maturity Model Integration **(CMMI) Level 5 practices for software development** as part of the daily operational routine**.**

To NARTech, **CMMI Level 5 is more than a badge. W**e are committed to continuous improvement through regular **IT modernization** initiatives to evaluate and implement the latest technology architecture (such as **AWS/Azure Cloud, Docker, Serverless**), techniques (such **as Pipeline as Code, Infrastructure as Code, Data Analytics using AI/ML**) and their applicability for our clients. To learn more about how NARTech can help your team in meeting critical software development, operations, maintenance, and IT modernization needs with a 100% success rate, contact us today: contact@nartechinc.com

NARTech Offers: Performance, Quality, Results…

NARTech, Inc. designs, implements, and manages technology solutions in the Federal civilian marketplace to help organizations quickly achieve their business objectives with:

- Experienced Federal IT management consulting with a strategic planning perspective

- IT Business Process Reengineering (PMO, CMMI, Agile/Scrum, UX/UI, SDLC, ITIL) – As a CMMI Level 5 appraised company, expert in the use of 435 best practices in 21 process areas

- Application System Development and Integration Services (Web-based systems support, Java, .NET, Oracle, MS SharePoint-based, Cloud, and Mobile application system development, automated software application and security testing expertise)

- DevSecOps Automation - Recognized Champion by CIO Review publication: **https://devops.cioreview.com/vendor/2019/nartech**

- Automated Testing (SmartBear TestComplete, Mercury TestDirector/LoadRunner/WinRunner and Segue Silk Performer IT Optimization)

- Cloud-based solutions including Amazon Web Services (AWS) and Microsoft Azure

As a Woman and Minority-Owned Small Business, 8(a) Program Graduate, ISO 9001, and CMMI Level 5 appraised company with a GSA Schedule 70 and GSA STARS II, NARTech has a strong corporate financial foundation and exemplary past performance for stable continued operations and growth.

Why Choose NARTech?

1. We understand the Federal civilian environment – the clients, budget constraints, the contractor staff assignments and performance, and the technologies.

2. We earn our client's trust through our proven track record of delivering quality services on time, with improved performance, in a cost-efficient manner. Our **CMMI L5, ISO 9001, and Dun & Bradstreet** Past Performance Evaluation rank us as a Top 10% Performer in the IT services market.

3. We have management and technical expertise in delivering core technologies and methodologies – Amazon Web Services (AWS) GovCloud, Microsoft Azure and .NET framework, Microsoft SharePoint, Java, Oracle, C#, WebLogic, Smart Bear TestComplete, Jira, Jenkins CI/CD, GIT, Python, Jupyter, AI/ML, and Unisys/IBM mainframe legacy platforms.

NARTech has a proven track record of meeting our customer's needs in the following areas:

- Project/Program Management
- IT Systems Modernizations
- Applications Development Support
- Operations & Maintenance Support
- Independent Validation & Verification Testing (IV&V)
- Quality Assurance (QA)
- Configuration Management (CM)
- DevSecOps – Pipeline as Code
- Data Analytics - AI/ML
- Migration to Cloud platforms
- Serverless and Docker solutions
